5. Agency Spotlight -- Habitat for Humanity:

Natalie Green introduced a presentation. April Estrada of Habitat for Humanity was unable to attend this meeting but she provided the presentation for Jan Lauterbach to give. The presentation included statistics of the program’s activities, a breakdown of the requirements for clients to fulfill, a discussion of City involvement in funding and costs paid by the program, a map of single-family homes built in the past few years, and current plans for more homes. In the last 16 years there have been 128 houses built. Habitat for Humanity purchases the land for the homes. The City helps with CDBG and HOME funds. Federal funds cannot be used to build on leased land. Habitat for Humanity does not yet have a home rehabilitation program in this area but they are working on it.

6. Recommendation Items: None.

7. General Discussion:
   a. Housing and Neighborhood Services Annual Project and Strategic Plan Review:

   Councilor Bencomo started a presentation regarding goals and plans for the next budget year. Staff continued with a specific budget breakdown. There was further discussion of using the General Fund and GO Bond money to finance Tierra del Sol and Habitat for Humanity. The City is currently trying to purchase land for low-cost housing in Metro Verde, the Three Sisters project is already started on Hadley and Walnut, and the City has purchased the Brewer Oil parcel of land for Community of Hope. There was discussion of problems and planned improvements for Community of Hope. Properties will undergo environmental analysis before being improved. The City Housing Authority partners with Community of Hope to provide services to clients. The Home Rehabilitation Program was discussed. Staff hopes to make the Program more efficient and improve service. This Program is looking into installing solar for participating households. It was suggested that the Committee have discussion and invite experts regarding costs of electricity versus gas utilities for the households participating in the Program. Staff is looking into increasing efficiency for the Public Service Program and expanding staff duties. The application processes will be reviewed and possibly modified, as it has been two years since the last modifications. Suggestion was made to change HHS grant process to make it an internal review rather than presentations by applicants. Suggestion was made to ask the City Clerk and City Manager to send out lists of committees which are missing members so that those positions can be filled. Suggestion was made to expand the number of agencies working with the City on a contract base and who have a line item in the budget, in order to increase the amount of grants available to other nonprofits who have to compete for CDBG and other grant monies. Staff is planning to revise the grant application guide in the next budget year. Mayor Pro Tem Gandara asked how to advocate for increase in Federal funding for housing programs. There is a biweekly meeting with the Federal delegation.
regarding housing challenges. The City is also a member of the National Community Development Association so there are lobbyists in Washington who send updates weekly or monthly. The 2016 Strategic Plan for Housing is also going to be updated soon. Staff has requested additional funding in the 2024 budget year to enable them to hire a consultant. The HUD 2021-2025 Consolidated Plan with Analysis of Impediments to Fair Housing Choice is available on the website.
