SOLID WASTE
RESIDENTIAL SERVICE

AVAILABILITY

Available in the Las Cruces Utilities (“LCU”) solid waste service area for exclusive use of individual customer domestic use only. City of Las Cruces Municipal Code 25 Section 68 states, solid waste service is required for every person owning, leasing, or occupying premises within the city. Solid waste service under this schedule is provided and continuously billed in conjunction with any active City gas, water, or wastewater service except as provided in LCU Billing and Service Regulations Sheet RUS-1.

Service under this rate schedule shall be provided by one or more standard 96-gallon poly container or containers or, upon request, only one 64-gallon poly container for Compact Saver trash disposal service. Customers receiving standard (96-gallon poly container) service may request one, two, three, or four additional 96-gallon containers for the additional monthly charge set forth below; customers who choose Compact Saver (64-gallon poly container) service may not obtain additional containers of either size. On the designated pick up day poly containers must be placed on the street by the curb by 6:00 AM to be serviced and removed by 7:00 PM, with the exception of the Lohman Avenue, Amador Avenue, and Solano Drive business/residential route where poly containers must be placed on the street by the curb by 4:00 AM. The container shall not be over serviced (lid unable to close and/or trash not in container). Residential containers will be serviced once per week and supplemented by grappler service once per month. Grappler Service is not to exceed two level ½ ton pickup truck loads for a total of approximately four cubic yards. Larger loads set out for grappler pick-up must use the Extra Service/Other Fees schedule. Excess loads above the grappler capacity that are left on the curb must be cleared by the customer or will be cited by Codes Enforcement.

RATE

Monthly Residential container billing shall be the sum of:

Standard Service one 96-gallon container.....\$15.25
Additional 96-gallon container (per additional container).....\$9.00

Additional containers must be kept on the account for a minimum of 3 months.

or

Compact Saver Service one 64-gallon container.....\$13.25

Available only upon customer request. In the event the Compact Saver container is over serviced (lid unable to close or trash not in container) for two service pickups during any period or 12 consecutive months, the container will be automatically replaced with a Standard Service container and billed accordingly, and the customer may not request reinstatement of Compact Saver Service for a period of at least 12 billing months after the container has been replaced. In the event a customer who has requested Compact Saver Service submits a request to voluntarily deactivate utility service, LCU will reset and replace the solid waste service to the Standard Service configuration and billing.

Tax and Franchise Fee

Applicable Tax and Franchise Fee are assessed by a Governmental Authority and not included in Cost of Service Rates.

SOLID WASTE
COMMERCIAL POLY CONTAINER SERVICE

AVAILABILITY

Available in the Las Cruces Utilities (“LCU”) solid waste service area for any establishment engaged in the operation of a business or institution, for profit or government entities. City of Las Cruces Municipal Code 25 Section 68 states, solid waste service is required for every person owning, leasing, or occupying premises within the city. Solid waste service under this schedule is provided and continuously billed in conjunction with any active City gas, water, or wastewater service. This solid waste service is only available if LCU Solid Waste Deputy Director determines there is no location on the property for the safe pickup and servicing of a standard dumpster container, or if the Commercial customer disposes trash at a sufficiently low volume to be accommodated by a 96-gallon poly container and is in proximity to a route that services poly containers. The container shall not be over serviced (lid unable to close and/or trash not in container). In the event the container is over serviced for two service pickups during any period of 12 consecutive months, the customer may be automatically transferred to a higher level of Commercial Poly Container Service (i.e., two 96-gallon containers instead of one or Commercial Dumpster Service (i.e., Low Volume Disposal Plan) and billed accordingly, and the customer may not request reinstatement of the prior level of service for a period of at least 12 billing months.

On the designated pick up day, poly containers must be placed on the street by the curb by 6:00 AM to be serviced and removed by 7:00 PM, with the exception of the Lohman Avenue, Amador Avenue, and Solano Drive business/residential route where poly containers must be placed on the street by the curb by 4:00 AM.

Upon approval LCU by LCU Solid Waste Deputy Director, a Commercial customer may be supplied with a maximum of two 96- gallon poly containers for trash service.

Commercial customers must be billed as a Commercial account and not a Residential account.

RATE

Monthly Commercial 96-gallon poly container billing shall be the sum of:

One 96-gallon Poly Container serviced once a week.....\$28.00

or

Two 96-gallon Poly Containers serviced once a week.....\$56.00

Tax and Franchise Fee

Applicable Tax and Franchise Fee are assessed by a Governmental Authority and not included in Cost of Service Rates.

SOLID WASTE
COMMERCIAL DUMPSTER SERVICE

AVAILABILITY

Available in the Las Cruces Utilities (“LCU”) solid waste service area for any establishment engaged in the operation of a business or institution, for profit or government entities. City of Las Cruces Municipal Code 25 Section 68 states, solid waste service is required for every person owning, leasing, or occupying premises within the City. Solid waste service under this schedule is provided and billed uninterrupted in conjunction with active City gas, water, or wastewater service. Such enterprises will include, but not be limited to, clubs, hotels, motels, schools, hospitals, churches, any property that has more than four dwelling units on a single platted parcel, municipal, county, state and federal buildings.

Standard Commercial service is provided by dumpster containers and serviced under one of the disposal service plans listed below.

Customer will remain under the selected disposal plan for minimum of 12 consecutive months. Requests for change in Disposal Plans must be reviewed and approved by LCU Solid Waste Deputy Director. In the event the dumpster container is over serviced (lid unable to close or trash not in container) for two service pickups during any period of 12 consecutive months, the customer will be placed on the next higher disposal plan and billed accordingly, and the customer may not request reinstatement of the Low Disposal Plan service for a period of at least 12 billing months after the container has been replaced.

RATE

Monthly Commercial 96-gallon poly container billing shall be the sum of: Unit Rate
Per Pickup

Low Volume Disposal Plan

1.5 cubic yard container pickup service once per week.....\$70.00
 2.0 cubic yard container pickup service once per week.....\$82.00

or

Intermediate Volume Disposal Plan

3.0 cubic yard container pickup service up to three times per week.....\$93.00
 4.0 cubic yard container pickup service up to three times per week.....\$104.00

This amount will be multiplied by the number of services per week requested by the customer.

or

High Volume Disposal Plan

6.0 cubic yard container pickup service up to six times per week.....\$124.00
 8.0 cubic yard container pickup service up to six times per week.....\$138.00

This amount will be multiplied by the number of services per week requested by the customer.

or

Compact Service (Compactor provided by Customer)

2.0 cubic yard compactor.....\$90.00

4.0 cubic yard compactor.....\$130.00

This amount will be multiplied by the number of services per week requested by the customer.

Tax and Franchise Fee

Applicable Tax and Franchise Fee are assessed by a Governmental Authority and not included in Cost of Service Rates.

SOLID WASTE
COMMERCIAL ROLL-OFF CONTAINER/CLEAN FILL/GREEN WASTE SERVICE

AVAILABILITY

Available in the Las Cruces Utilities (“LCU”) Solid Waste service area for any establishment engaged in the operation of a business or an institution. Such enterprises will include, but not be limited to, clubs, hotels, motels, schools, hospitals, churches, municipal, county, state and federal buildings, and construction sites.

For disposal of clean fill materials at the LCU Foothills Landfill, which consist of materials such as concrete, asphalt, rock, bricks, or dirt. If concrete has rebar, the rebar must be cut to extend no farther than two inches beyond the face of the concrete. Trash, tree branches, or any kind of green waste or wood is not to be placed in clean fill containers. Landfill attendant will refuse disposal of any truckload containing unauthorized and non-clean fill debris and will route truck to South Central Solid Waste Authority (“SCSWA”) Transfer Station for disposal of contents and charged SCSWA's disposal fees. The maximum container size will be 15 cubic yards.

For disposal of green waste at the LCU Foothills Landfill, which consists of materials such as tree branches (cut in lengths less than five feet), weeds, and grass clippings. No dirt, rock, or asphalt, or other clean fill materials as listed above can be placed in green waste containers. Landfill attendant will refuse disposal of any truckload containing unauthorized and non-green waste debris and will route truck to SCSWA Transfer Station for disposal of contents and charged SCSWA’s disposal fees.

RATE

The billing is the sum of:

Pull Fee

Per Service pull per container.....\$170.00

A minimum of one pull will be charged per month to the customer account.

Clean Fill Tipping Charge (per ton).....\$4.36

Minimum charge of one ton.

Green Waste Tipping Charge (per ton).....\$25.00

Relocation Fee/Attempted Service Fee

Per container and attempted service.....\$30.00

Charge for relocating a roll-off container at customer request when scheduled outside of a disposal service request. Charge for roll-off attempted service when the container is unable to be serviced for reasons

including, but not limited to, the following: the container is blocked, container overages, overfilling, extra trips, or contamination.

Tax and Franchise Fee

Applicable Tax and Franchise Fee are assessed by a Governmental Authority and not included in Cost of Service Rates.
